

Seeking a civically-minded, experienced program manager and leader to serve as our new Director of Civic Engagement

About the Organization

Founded in 1980, Seattle CityClub is a nonpartisan, nonprofit organization that informs and inspires people to engage in the most important issues facing our city, state and nation. We host local and statewide political candidate debates; dialogues held in person and later televised with influential leaders in government, business, education and civic affairs; in-depth, day-long workshops on issues like homelessness and civil rights; a survey and report on our region's civic health that drives our programming; an annual fundraising benefit luncheon; and more. Every year, Seattle CityClub serves more than 30,000 Puget Sound residents in person and online, and our broadcasts reach 1 million Washingtonians.

We are a small and highly collaborative work team of eight staffers, overseen by a 30-member Board of Governors made up of deeply committed community leaders. We take our work seriously but also strive to have fun in the workplace. Our office is located in the Impact Hub in the Pioneer Square neighborhood of Seattle. The Impact Hub hosts gatherings, excursions and other activities (including Milk & Cookie Hour every Monday!) to bring people together to learn from and enjoy each other.

About the Position

The Director of Civic Engagement's primary responsibility is to oversee, direct and manage more than 30 programs a year and to develop and maintain relationships with multiple program partners that include media and corporate sponsors. With support from executive and administrative staff, the Director of Civic Engagement also secures contracts, arranges for program speakers, assists in generating attendance, executes program logistics, and works collaboratively with the Director of Development to develop fundraising strategies to support CityClub programs.

The Director of Civic Engagement reports to the Executive Director and supervises the Program Coordinator. In the absence of the Executive Director, the Director of Civic Engagement may represent the organization with the Board of Governors and the community. This is a full-time salaried position, approximately 40 hours per week, with occasional evening work required.
