Our Story

At the time, many civic organizations, such as Rotary International, were open to men only. The founders of CityClub determined that their new organization would be open to all and would provide a nonpartisan forum for ideas and debate. Since its first program in 1981, CityClub has sponsored thousands of dialogues, discussions and candidate forums featuring local, regional and national experts and leaders.

Now recognized as one of the region's thought leaders in civic and public affairs, CityClub programs affect statewide news, social networks, civic action and policymaking. The region tests new ideas and finds common ground through CityClub's power and reach as a trusted convener, programmer and collaborator.

Mission & Vision

Our mission is to inform, connect, and engage the public to strengthen the civic health of the greater Seattle region and beyond. It's our vision that, along with natural wonder, innovative business, and vibrant culture, the Puget Sound region is defined by informed people engaged with their leaders in effective democracy.
